Side Projects

Local Weather

- Used Javascript and Wunderground API to get local weather results

Python Reddit Bot

- Used the Python Reddit API wrapper and SQLite to create a bot that monitors a webpage and then sends myself a notification if the post is interesting

Javascript Random Quote Generator

- Used JQuery to read through a JSON file to randomly select quotes from.

Portfolio Website

- Built a website from scratch and self hosted in order to showcase my skills and learn more about HTML/CSS and Javascript.

GitHub
